# *Kitchen Table Mission Stations*

Can you imagine how many people of the world could be reached with the Gospel of the Lord Jesus Christ if every family in your church could be a foreign missionary without leaving home? That is what is possible through the “Reach the World” program. Families can set up their very own mission station right at the kitchen table.

People are currently waiting to receive the time-tested Good News Bible Study<sup>1</sup> Basic Course. They have either personally requested this course or been referred by others who have taken the course. Your church will be reaching people from scores of countries with the Gospel of God’s Sovereign Grace through the Lord Jesus Christ. Families from your church can be the direct means of bringing the Gospel to them. This foreign mission work can be accomplished at the pace and to the extent your church wishes.

**HERE IS HOW IT WORKS** (once your church decides to be a Grading Center).

1. An officer or other trusted church member is selected to be responsible for Grading Center administration under church oversight.
2. Laymen are recruited to serve as Student Study Supervisors (mailing, grading and follow-up).
3. A minimum number of active Bible course students to be reached (30 or more) should be determined which the Grading Center commits to see through to completion or deletion. This number can always be increased.
4. The average time (including mailing) for completion of this course is ten months.
5. The Grading Center Application should be studied, completed and returned.
6. When you receive the materials, you begin to “Reach the World” from your own Grading Center!

<sup>1</sup>

This course uses the text of the King James Version Bible.  
The name Good News Bible Study has no connection with the Good News Bible.

## MINISTRY PURPOSE

We intend to provide educational courses to students interested in studying the Bible throughout the English-speaking world. Courses are designed to reach those who are literate and help them become more familiar with the Bible without compromising theological soundness.

As additional courses are written, they will be designed to build upon what has been learned in the previous study courses. Eventually, we intend to offer seminary level courses to students who qualify and are interested. A decentralized Grading Center approach is foundational to accomplishing this task on a massive scale and aims at reformation of individuals, families, cultures and nations.

## MINISTRY OBJECTIVES

1. To teach the Gospel of God's Sovereign Grace to people throughout the world through the medium of Bible course study.
2. To enable the average church layman to vitally participate and so share both the responsibility and the blessings of reaching people with the Gospel.
3. To reach, within two years, an average of 10,000 or more new students each year with the course. (i.e. 100 churches with 10 lay people each reaching 10 students per year.)

## GRADING CENTER QUALIFICATIONS

1. This Bible course aims at presenting the Gospel and is written from a biblical perspective consistent with "Reformed theology." Consequently, we solicit the participation of churches that are in agreement with this theological position.
2. Each Grading Center must commit to handling at least 30 active students per year and preferably involve at least five people in the Grading Center work.
3. The Grading Center Application (contained in the Information Packet) must be completed and approved.

## GRADING CENTER SUPERVISOR JOB DESCRIPTION

1. Create interest in the church and recruit lay people to become Student Study Supervisors (SSS).
2. Supply the necessary materials to SSS.
3. Train and administrate the work of the SSS.
4. Provide necessary encouragement and support to the SSS.
5. Pray regularly for those involved and especially the student prayer requests of the students.
6. Involve other church members as pen pals to students who are interested.
7. Participate in support of HQ and Admin operations and activities as possible.
